[LADY GAGA'S DAD REACTS TO TIERNEY \(VIDEO\)](#)

A beloved fixture in Las Vegas, Tierney has embodied Lady Gaga in Legends in Concert for over a decade.

Complete with a high-energy live band, and dynamic dancers, and a multimedia visual experience - the show promises an unforgettable spectacle that celebrates Gaga's music, style, and spirit.

Adding serious star power to the production, GAGA Evolution has received the personal endorsement of Gaga's father, Joe Germanotta, who raved:

"WOW! I GOTTA TELL YOU... YOU REALLY GOT IT. YOU HIT THE ESSENCE OF HER VOICE. IT'S LIKE HAVING STEFANI PERFORM."

Paparazzi be ready

Las Vegas tribute artist **Tierney** has performed as **Lady Gaga** in “Legendary Divas” at the Tropicana, and in a dual tribute to Gaga and **Amy Winehouse** at The Space. The performer is now taking the role exclusively in “Gaga Evolution.”

The production is endorsed by Gaga’s father, Joe Germanotta, who has presented Tierney at his Joanne Trattoria in Manhattan’s Upper West Side. There’s a band, dancers, costume changes. It’s a whole thing, as we say.

Partnering with Las Vegas managers **Michael Licata** and **Paula Maggio**, Tierney plans to open a cross-country tour in August (details forthcoming), which will carry her through spring and summer of 2026. I’ll miss the Winehouse piece of Tierney’s act, but this is a good play as the acutely Gaga is on fire — and creating such — with the release of “Mayhem.” And we still tap our fingers waiting for any news about a return to Vegas.

PEREZ HILTON SAYS...

“As someone who knows Gaga personally and intimately, Tierney nailed it! Smashed it! Hit a home run! Tierney can SING! She plays piano. And she really captures the voice and stage presence of the icon!”
